

Retired or Retyred ?

We understand that you may have retired or are retiring soon. While this can bring relief from work, many people find they miss being in a team and we would like to introduce you to Street Pastors who are Christians from various denominations who come together with a team approach and out in the streets across Scotland to listen, help and care in the name of Jesus.

Many people have found being a Street Pastor helpful as a way of ...

- representing Jesus in public places
- bringing together Christians of all denominations
- training Christians to listen care and help
- learning to depend on God operationally in your daily life

After training, Street Pastors are asked to be on patrol once a month and patrols can be daytime, early evening or night ones.

If you would like to find out more or go out on a patrol as an observer, without obligation, please contact your local street pastor group, or email adminsotland@ascensiontrust.org.uk
